

Revelation at a Glance – Day 23

This series is by no means an in-depth study of the Book of Revelation. It is a synopsis written to help the reader stir up a desire and excitement to dig further into the Scriptures to learn what is about to happen in the end times. If the reader is born again prior to the Rapture of the Saints, he will not be involved in the Tribulation. However, it is good to learn about what is to come so one can warn those who are not born again. If the reader is not born again and the Rapture has already happened, I pray that you will find the Lord Jesus Christ as your Saviour before the end of the Tribulation.
